HELPING CHILDREN
SEE JESUS!

Dear friends,

The very first command God gives to mankind has to do with children. God tells Adam and Eve to “be fruitful and multiply and fill the earth.” (Genesis 1:28) This isn’t so the earth can simply reach a certain population quota but so that the earth might be full of imagebearers who worship God, whose image they bear. We know that mankind has miserably failed in that purpose, but through the Second Adam, we see restoration and renewal. God’s people, therefore, are to be committed to helping children know the Creator God and become worshippers of Him through faith in Jesus Christ. ▶

May the earth be
filled with both
young and old who
know God and
worship Him in love.

Our goal at BVI is to support that work by supplying Christians with materials that help point children to Christ. By God’s grace, that mission has been carried on for 65 years through our visualized Bible lessons, stories and songs. Those resources now come in a variety of formats, both print and digital, to serve the various needs of partners ministering in the home, the church and community. They also come in a growing number of languages, because the creation mandate still stands. As does the Great Commission, which compels us to go and make disciples among the nations.

We rejoice in the growing number of international partnerships (see *pg. 4-5*) that have broadened our impact across the globe. Just last year, 5,000 sets of Bible curriculum were shipped to partners in Papua New Guinea who are using them in the public schools for the Religious Instruction time allowed by the government!

Several of our partners have also recently requested permission to translate and publish our new Family Worship Series (see *pg. 34*). Whether it’s in French, Spanish, Mongolian, Arabic or English there is a great need for resources to help families study the Word together. That’s why we’re working this year to add more titles to this collection.

How can we serve you? That’s the question our staff continually asks, and we hope that this catalog will help answer that question as you learn about our resources.

May the earth be filled with both young and old who know God and worship Him in love.

BVI Abroad

Bible Visuals International is **more than a publisher**—we are a ministry dedicated to equipping and partnering with teachers, churches, and ministries around the world! Bible Visuals International is a registered non-profit organization operating under IRS code 501(c)(3). While we do make a small profit on the sales of our materials, we primarily rely on the gifts of God’s people to cover general expenses, salaries, printing, distribution, and international mission projects.

Translations

BVI materials have been translated into over 70 different languages, and translation work is ongoing! See **page 38** for a current list of translated titles. These materials are used by churches, missionaries, and even individuals around the world!

WHAT SETS US APART

In the early years of Bible Visuals International, founder Helen Odenwelder developed a vision to create high-quality, gospel-centered children’s ministry resources that were useful not only in Western or American contexts but around the world. Missionaries and churches in many countries struggled to find children’s teaching materials that could be easily adapted to different languages, outdoor settings, and other unique needs. Helen’s vision was to create a library of resources that were affordable, accessible, and adaptable to meet those needs.

Today, that vision has become a reality. Several BVI resources are intentionally written and designed with minimal idioms and little to no text in illustrations to simplify translation efforts. Materials are available in over **70 different languages**, and our library of translated texts continues to grow! Additionally, we produce a range of both print and digital formats, which has helped many overseas teachers avoid costly shipping charges or potential government restrictions on importing Christian materials.

See a complete list of available translated titles on **page 38**.

PARTNERING TOGETHER FOR THE SAKE OF THE GOSPEL

As a ministry, BVI is committed to providing ongoing support for those who use our resources and going above and beyond to make our materials accessible in as many places as possible. The **map (at left)** represents just a few of the countries where we have continuing relationships with missionaries, churches, or other organizations!

WAYS WE GIVE BACK:

- **Donations and Discounts** – BVI strives to minimize the barriers of cost and shipping for those who have need of our materials. We offer standing discounts for many ministries and missionaries, and even donate materials on a case-by-case basis. This includes our Church Plant Assistance Program, through which we have helped many new church plants jumpstart their children’s ministry program by donating resources.
- **Training and Support** – BVI staff routinely plan and host various training and educational events. This includes Planting Seeds Family Conferences to help local churches engage their congregations on what it looks like to practice worship in the home, as well as teacher training events both here in the States and with our partners abroad.
- **Licensing and Distribution Agreements** – For international partners who want to use BVI resources on a large scale, we have developed various licensing agreements that allow organizations to print and distribute specific titles within their own country at a low cost. These kinds of agreements currently benefit 10 countries!

For more information or to discuss your own needs, contact us at info@biblevisuals.org or by phone at **(717) 859-1131**.

Ask Us About Ministry Discounts!

As a small nonprofit ministry, we understand that ministry budgets can be tight. With that in mind, we are able to offer standing discounts for many churches, missionaries, and other ministries. Please contact us at info@biblevisuals.org for more information and to discuss your needs.

Resource Philosophy

According to a 2015 study by the National Association of Evangelicals, most Christians begin a relationship with Christ between the ages of 4 and 14. At BVI, we understand the importance of having high-quality, gospel-centered resources to use in your home and your children’s ministry as you share the Good News with this incredibly important age group. With this in mind, as a publisher, we keep these four core values at the forefront of every new resource we produce.

TRUE TO THE WORD

 BVI is committed to Biblical purity in every Bible lesson, story, and song we produce. Our desire is that, through our materials, children hear truths from scripture and see Jesus **clearly** and **accurately**. Visit BibleVisuals.org/Beliefs for more information on our doctrinal commitments.

AFFORDABLE

 BVI is committed to keeping our resources **affordable** for the teachers and families who can benefit from them. As a nonprofit, while we make a small profit from sales, we primarily rely on the generous gifts of God’s people to fund our operations, production, and ministry, which helps us keep costs to you low.

ACCESSIBLE

 BVI is committed to equipping global missions by providing **accessible** resources. Our entire library is available in digital formats, allowing Christians around the world to bypass expensive shipping costs and even sometimes government restrictions. Additionally, we routinely partner with organizations to license our materials for international printing and distribution.

ADAPTABLE

 BVI is committed to creating resources you can use wherever and however you need them. We welcome teachers to adapt our teaching texts to meet their unique audience or time constraints and strive to provide flexible, reusable formats that will serve you in your ministry for years to come.

Who Are BVI Resources For?

While BVI resources generally target elementary-aged children (6 to 12 years old), many teachers have adapted materials to use with other audiences. Our **Hymns & Songs** are appropriate for all ages, and several of our **Visualized Stories** have simplified teaching text options that can be used with younger children or shorter time frames. Our **Family Worship Series** was thoughtfully designed with families of all ages in mind. While your teenagers might be less excited about the illustrations or coloring books than their younger siblings, they will still benefit from reading the Word of God and engaging with the discussion questions together.

Wondering what people like YOU have to say about our resources?

- “I really like the colorful illustrations and the way the authors engage the children in the stories so that they really want more! I have seen children come to know Christ through the materials I have used in AWANA Club large group time, Sunday School class and on mission trips!”

—PATRICIA, on Visualized Stories & Bible Lessons
- “I am thankful for BVI’s materials. They are firmly founded using Biblical teaching and principles. When I am looking for a product related to the evangelism of children, BVI is my first place to check.”

—JESSICA
- “For 13 years I’ve utilized various guides for family worship and, hands down, this has been the best in content, format, and accessibility. The content sticks to the text with very good questions.”

—BRET, on the Family Worship Series
- “The features and approach presented in these studies have been a blessing to our family. From a parent’s perspective, I’ve even found myself creatively expanding on the discussion because it gets me thinking too!”

—CHRIS, on the Family Worship Series

FOR TEACHING:
**VISUALIZED
STORIES**

OCCASIONS
for the
GOSPEL

God has been at work throughout all ages, not just those covered by the narratives of scripture. BVI's Visualized Stories bring this reality to life for children by sharing exciting stories of believers in different times and places whom God has drawn to Himself and used for His glory. These testimonies serve to share the gospel and teach young believers the heritage of our faith. Some of our stories, like our missionary biographies, are based on fact. Others are fictional stories or adaptations of Christian literature that emphasize the truths of scripture. The **Occasions for the Gospel** series is a collection of true, one-chapter stories designed to be shared on special occasions, such as Independence Day, Sanctity of Life Sunday, and Christmas.

Our Visualized Stories work great for ministries like Bible Clubs and VBS or can be integrated into your weekly church or Christian school curriculums. Whether you need a one-chapter story for a one-time event, or something longer for a week-long outreach, we have stories to meet your needs!

BIBLE LESSONS

Are you ever tempted to think the Bible is too big for kids? At BVI, we follow the principle laid out in 2 Timothy 3:16, that “all scripture . . . is profitable for doctrine, for reproof, for correction, for instruction in righteousness,” even for children! In all of our Bible lessons, you will find a strong focus on the gospel and a firm adherence to the text. Our lessons avoid taking creative liberties or adding to the narratives of scripture, while still writing lessons that are engaging for children.

Our **Visualized Bible Series** takes children on a trip through all of scripture, from Genesis to Revelation, at an age-appropriate level. Other Bible lessons focus on different themes, occasions, or doctrinal truths. Whether you’re looking for a few lessons to use for your Vacation Bible School or for an entire curriculum to use in your church, we have resources to meet your needs!

International Feature

BVI’s Bible lessons have been translated into many different languages, including Mongolian! Through an ongoing licensing partnership, all 78 volumes of the Visualized Bible Series have been translated into Mongolian and are printed in-country by our missionary partners. In 2022, BVI Director Tom Luttmann and his wife, Betsy, got to travel to Mongolia to help begin the distribution of these valuable materials to around 600 churches around the country.

FOR TEACHING: HYMNS & SONGS

BVI prioritizes singing with children for several reasons: hymns and songs help teach truth in a memorable way, they promote corporate worship of the Lord, they illustrate the heritage of our faith (especially when combined with a story), and they serve as great transition and directional tools for other elements in the teaching time.

Our growing collection of visualized hymns provides easy-to-read words combined with engaging illustrations. You'll find titles as old as "A Mighty Fortress Is Our God" by Martin Luther, plus newer children's favorites like "Deep and Wide." Integrate these songs into all aspects of your teaching, whether for Sunday School classes, VBS, or family worship.

International Feature

BVI partners with Good Life Ministries in Hyderabad, India, to provide Bible Lessons in Telugu, the local language. Through a licensing partnership, they print all of their own BVI visuals in-country to meet their needs. Their VBS each year reaches over 75,000 children in 805 villages! That's a lot of visuals and a lot of children hearing the gospel!

FOR THE FAMILY:
FAMILY FORMAT STORIES

Our Family Format books are a great way to incorporate BVI materials into the home!

These 8.5" x 8.5" books combine the illustrations and text from our teaching resources into a storybook format so you can easily read them as a family during times of family worship. The engaging illustrations will help capture and hold the attention of even little ones.

The biographies will challenge your family as you hear true stories of God's grace to all generations. Stories of different lands will broaden your

family's view of God's work in the world and will encourage a missions-minded lifestyle. Older children can also enjoy reading these books on their own. Teachers can use the Family Format books as prizes or as a follow-up tool.

For story descriptions, see **pages 10-17**

Each of these titles are also available in print and digital formats for teaching in larger group settings. For more information on our different formats, see **pages 8-9**

Partner Profiles

Are you interested in hearing more about what BVI is doing to help children worldwide see Jesus? These are just a few of our international partnerships that are making an impact for the Kingdom!

Papua New Guinea: In partnership with Tim & Leandra Hawes, missionaries in Papua New Guinea, BVI adapted our Visualized Bible Curriculum into a cohesive three-year curriculum called the Journey of Faith that is being used in public schools to meet the government-mandated Religious Education requirements. What started in just one public school classroom now reaches more than 5,000 students across over 15 schools each week, with many more schools

and provinces expressing interest in adopting this curriculum. Testimonies of decreased incidents of violence and increased graduation rates demonstrate God’s powerful work in the children of Papua New Guinea.

Lebanon: Dar Manhal al Hayat is a Christian publishing organization based in Beirut, Lebanon. Despite ongoing unrest in the region, our partners at Dar Manhal are laboring to

translate valuable Christian literature into Classical Arabic and distribute it throughout the Middle East. They have already translated several BVI Bible lessons and *Mark’s Gospel: Being*

Jesus’ Disciple from our Family Worship Series, and translation efforts are ongoing. We are so thankful for these faithful gospel partners and their work in the Arab world.

Club DJ – Canada & Cuba: One of BVI’s longest partnerships is with Club DJ (David and Jonathan), a midweek Bible Club ministry based in Saskatchewan, Canada. For many years, they have used BVI visuals, lessons, and stories within their own curriculum in clubs across the country. In 2017, God opened doors to bring the Club DJ curriculum to churches all across the country of Cuba. Clubs are currently active in 350 churches and reaching over 10,000 students and their families, with more interested in getting started. Translating and shipping the curriculum materials has not been without obstacles, but the Lord’s hand is evident in the changed lives of children and families!

How YOU Can Help Children See Jesus!

The work of Bible Visuals International is not possible but by the grace of God and the generosity of donors, supporters, and volunteers like you. Here are some ways you can help support the ongoing work of our ministry:

- **Join Our Prayer Team:** We send out monthly prayer guides with updates on active projects, our partners around the world, and other needs related to our ministry. To receive these emails and commit to praying with us, visit BibleVisuals.org/BVIEmails and select “Prayer Guides”
- **Give:** As a nonprofit organization, BVI relies on donors to cover most of our operational and programming costs. If you feel led to make a monetary donation you can give online at BibleVisuals.org/Donate or by mailing your gift to 650 Main St., PO Box 153, Akron, PA 17501. For more information or to become a monthly donor, please email info@biblevisuals.org or call **717-859-1131**.

Want to share more about BVI with a friend or colleague? Scan the QR code or visit BibleVisuals.org/ViewCatalog to access a free digital copy of this catalog.

- **Volunteer:** Are you local to Akron, PA? From time to time, volunteer opportunities arise. This may include preparing bulk mailings, packaging large orders, proofreading new materials, or other miscellaneous tasks. If you’d like to be added to our volunteer database, please email us at info@biblevisuals.org.
- **Translation Work:** Are you multilingual? BVI’s translation library has been built by people like you taking the time to translate our materials and provide us with the files to distribute! Skills in Adobe InDesign are a plus, as it is helpful to have a fluent speaker be able to lay out the text and prepare it for printing. If you’re interested in learning more about how you can help further our translation work, please email us at info@biblevisuals.org.
